

Ms. Vicky Deleon

Vicky Deleon works for Texan Credit as a Customer Service Representative, and she brings a great vibe to any office she works in, and meetings she attends.

She brings to the board her over ten years' experience as a personable office administrator and uses her expertise of prioritizing multiple tasks requiring prompt solutions. She is a talented problem-solver adept at managing workloads while greeting visitors, answering incoming phone calls, and fulfilling staff members' requests.

She is happy to be a client and recipient of Zoe's Wings Go East Temple Project when they repaired some of her home items. She was so impressed with the program that she asked how she could help and give back.

The board brought Ms. Vicky in as a Resident Board Member to represent the community that Zoe's Wings serves and brings insight into what the community's needs. Vicky's favorite pastime is spending quality time with her son and daughter.
