TEMPLE, TX (May 6, 2021) – Zoe's Wings Foundation, Inc. announces that Donna Kelly has been named the new President of the non-profit.

She comes to us with 15 years of experience in Corporate America for a major healthcare insurance enterprise. She has volunteered for many organizations, recently facilitating parenting workshops. Donna homeschooled her children for 16 years and was also an elementary school teacher in Northern Idaho. Donna has experience as a Case Manager for youth experiencing homelessness and substandard living conditions. She has worked in a supporting role with families in crisis due to a child with severe mental or behavioral challenges. Currently, Donna is a Certified Peer Counselor/Parenting Specialist working as a Community Coordinator in Substance Abuse Prevention and Education.

Ms. Kelly has experience in Grant writing in the educational field, substance abuse and tobacco prevention, and working with a nonprofit for youth experiencing homelessness.

About Zoe's Wings Foundation, Inc.

We provide various services concerning affordable housing, house rehabilitation, and quality of life to the underserved Single Parent, Families, Seniors, Disabled, and Veteran residents. We are structured exclusively to meet the target population by their demographic descriptors to serve Urban/Inner-City communities with the very best in high-quality professional services to help reach obtainable health and safety goals while assisting in developing skills to improve their life's destiny of youth and young business owners within the same community.

We serve a large community of underserved residents; the nonprofit organization works to fulfill its mission by revitalizing through funding and supporting necessary repairs to homes for a safe and healthy living environment. We provide various services concerning house rehabilitation and quality of life to single parent, families, seniors, disabled, and Veteran residents who are low-to-moderate-income homeowners. COVID19 repairs are considered water and sanitation needs for safety issues and take priority during this time.

Our purposed Rehabilitation Program will also allow us to:

- Hire from within the community for academic achievement with our Learn a Trade educational and workforce component where we hire from within the community we serve. We bring on youth and young adults who need a hand of hope to learn a trade and skill that they can utilize and be proud of to improve their lives, furthering the economic and workforce development in our community.
- Create other positive impacts on the community of beautification of our community by giving life, one house, one family, and one block at a time!

Our board of directors is enthusiastic about this proven program and eager to continue our impact to such a great cause to become the most inclusive and culturally competent program for the low-to-moderate income communities that need these services.
